Additional Code of Ethics for Reiki Master Teachers

The Reiki Master Teacher's commitment to complete the Master Training

- ★ A Master Teacher accepting a student for Master's Training has a moral, ethical and contractual commitment to complete the training of the student until his / her graduation as a Master Teacher.
- ★ During this training period generally extending over 3 to 4 years, should any circumstances arise which prevent the Reiki Master Teacher completing the training, it is expected that the Master Teacher accepting the student will make mutually acceptable arrangements for the student's graduation as a Reiki Master Teacher.
- ★ In those rare cases where this is not possible, The Reiki Network Committee may be approached for arbitration and resolution for expeditious completion of the student's training / graduation.
