**The Reiki Network is an international network of Reiki Masters and Reiki Master Teachers with a common vision of teaching Reiki globally, in like manner, at the highest standard.**

### Purpose

To achieve its vision of spreading Reiki through high quality teaching, The Reiki Network focuses on the training process of training Reiki Masters and follows in the tradition of Dr Usui. To do this effectively the organization endeavours to:

- Maintain active links between participating Reiki Masters
- Share and upgrade knowledge
- Set and update minimum teaching requirements met by all members
- Ensure a uniform standard of teaching
- Guarantee dissemination of information
- Honour Reiki's inherent simplicity by focusing on Reiki only
- Achieve a balance between experiential and explanatory/practical Seminars
- Expand scientific and philosophical understanding of Reiki
- Work to The Reiki Network Code of Ethics
- Increase the ability of Reiki Masters and researchers in Reiki to network

## Benefits

As an organization, the Reiki Network emphasizes the professional training of Reiki Masters. However, the benefits arising from this work through to students at first and second level seminars, and to members of the public.

### **Benefits to the public**

Public talks are given.

People receiving Reiki treatments from practitioners who have learnt Reiki from a Reiki Network Master can be sure that the practitioner has been well trained and properly attuned to the Reiki energy.

### **Benefits to those learning Reiki from a member of The Reiki Network**

After the Reiki 1 or Reiki 2 seminar, the graduates will be well prepared to practice Reiki, either informally or professionally, treating himself and others.

The teaching of Reiki to Network standards brings the benefits of international experience whilst honouring local customs, culture and traditions.

After the first attendance at a seminar of any level The Reiki Master conducting the seminar will issue to each participant a certificate which will confirm the giving of the relevant attunement. Such a certificate will entitle the holder to be admitted anywhere within The Reiki Network to further seminars either for repetition or to a higher level as appropriate.

Having taken a seminar, the same course may be repeated at a later time for a fee not exceeding 25 % of the full cost. The repetition is only for information only, the attunement process is not repeated.

### **Benefits to members of The Reiki Network**

A mutually supportive organization, democratically run through an elected committee and with open communication between all members.

A constitution ensuring clarity of purpose and organization:

- The use of The Reiki Network logo, which certifies patronage by the organization
- The opportunity to meet and share experiences with other Reiki Masters, in regional and international meetings
- Trainee Masters receive a syllabus detailing a number of assignments to be completed during the course of the training period, which lasts a minimum of 1 year
- Trainees are encouraged to attend seminars of other RN Masters to broaden their experience of individual teaching styles
- A Newsletter, issued three times per year
- A presence on the internet of the association as a whole, the local branches of The Reiki Network and the individual members

- The members' area of the Network internet site, which enables the sharing of information and experience between members through a lively discussion forum, a library of relevant articles, case histories, a chat room, contact details for other members, a group e-mail facility and much more
- The global networking, the wealth of information and the solid foundation of the training, backed by caring members, allow instant access to solutions and support
